PL Freedom Stirrups 500 kit W/ Pads & Clamps (PR)

BF859

The integrated power assist mechanism in these stirrups is a feature we incorporated from our traditional PowerLift Stirrups. The unique, grip-and-twist control handles allow staff to adjust the angle of lithotomy and degree of ab/adduction during setup without lifting the sterile drape. What sets these stirrups apart though is the new curved rod and the addition of the lateral fin. The curved rod increases lithotomy range of motion by over 23 degrees. The lateral fin protects the perineal nerve running up the outside of the leg near the knee. The PowerLift Freedom Stirrups offer a completely Velcro®-less stirrup from top to bottom improving cleanability. Range of motion: 85° / -55°, Ab/Adduction: 25° / -9°.

Includes rail clamps for US side rails and pads.

Patient Weight Capacity 500 lbs (227 kg)

CE marked product

To be used with US side rails

COMPATIBLE WITH

5085 SRT - 4095 - 5095 - 7080
