

Junior Stirrups (pair)

BF855

The integrated power assist mechanism in STERIS Junior PowerLift Stirrups provides excellent surgeon access and virtually effortless patient positioning of patients up to 250 lbs. The unique grip-and-twist control handles allow staff to adjust the angle of Lithotomy and degree of ab/adduction during set up and during the procedure without lifting the sterile drape.

Pad set included.

Clamps not included.

- Appropriate for most paediatric patients ages 7-11 years old
- Floating Boot: Self-adjusting standard boot minimizes pressure on the calf when moving the stirrup
- Visual Indicators: Help to ensure precise positioning
- Range of motion: 90° / - 35°, Ab/Adduction: 25° / - 9°.
- Required 2 x clamps BF462
- Length of the boot: 28,2cm

Replacement Pad Set (L/R): BF028
