Digital X-ray top set, 4000/5000-SERIES tables

BF101

Removable, radiolucent X-ray tops mount onto surgical tables. The 2-inch risers add elevation to the tabletop, providing space to insert flat X-ray cassettes and Digital FlashPads from head, foot, or side of table. These X-ray tops are available in a complete set for the 4000- & 5000-Series STERIS Surgical Tables.

For use with Hook-and-loop table pads.
